

Reduce Energy.

Save Money.

Attract Customers.

Achieve results with advanced LED lighting from BetaLED.

Circle K - Columbus, IN

RETROFIT OPTIONS

It's easy to upgrade your canopy lighting to state-of-the-art BetaLED luminaires. In a one-for-one replacement, lower wattage BetaLED luminaires will cut your energy use up to 70 percent and lower your maintenance costs. Choose from three options:

Surface Mount Retrofit Kit

For converting surface-mount HID luminaires to LED technology, use existing 2-by-2 housing with BetaLED 30-, 60-, or 90-LED luminaires.

Decorative Trim Plate

A decorative trim plate hides dirt and grime left behind when a 2-by-2 surface mount box is removed. Use with surface- or recessed-mounted LED luminaires.

Recessed Retrofit Kit

A rectangular plate is pre-cut to accommodate BetaLED 30-, 60-, 90-, or 120-LED recessed luminaires for a flawless fit without exposed hardware.

EXTERIOR CANOPY & SOFFIT LIGHTING

BetaLED recessed luminaires deliver high-performance illumination for petroleum station canopy applications and building overhangs. For new construction or remodels, achieve a clean, updated appearance with these flush luminaires that provide increased light levels while using less energy than traditional fixtures.

304 Series

304 Series recessed luminaires can be configured to achieve 100+ lumen-per-watt performance providing superior efficiency, longevity, lumen maintenance and light control while reducing energy use. Featuring an easy-to-install design and integrated driver, the 304 Series luminaires are ideal for single- or double-deck open-air canopies and building soffit applications. Use of optional integrated multi-level sensor provides timed reduction of light levels, further lowering energy use.

Available in 40- and 60-LED configurations for installation in 16-inch decks.

227 Series

227 Series recessed luminaires, available from 30- to 120-LED configurations, increase visibility and safety below canopies and around convenience store perimeters.

Available in 30-, 60-, 90- and 120-LED configurations for installation in 12- and 16-inch decks.

BetaLED Surface-Mount Luminaires

THE EDGE® surface-mount canopy luminaires feature a slim, low profile design that is easily mounted below petroleum station canopies and building overhangs.

INTERIOR LIGHTING

It pays to install energy-efficient BetaLED luminaires in and around your c-store. You'll reduce energy use, save money on maintenance and improve retail display visibility. Choose from contemporary luminaire designs available in a variety of colors.

Howdy's - El Paso, TX

Interior Recessed

227 Series

227 Series recessed luminaires are an ideal lighting alternative for retail interior spaces.

60- to 120-LED luminaires are rated non-IC; 30-LED soffit luminaires are rated Type IC. UL listed and wet listed for covered ceiling applications. Retrofit option available for recessed canopy 30-LED version.

304 Series

304 Series recessed luminaires provide tremendous performance for interior new construction and drop ceiling installations.

UL wet listed. IC listed versions available. Interior recessed installations in IC and non-IC configurations.

Interior Round

Pendant-mount round luminaires provide direct white light that enhances interior displays.

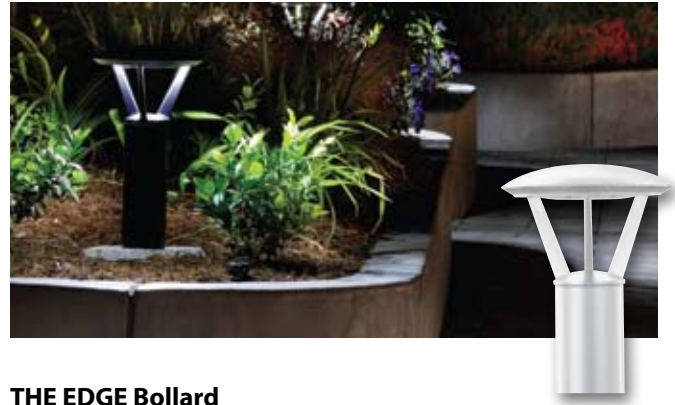

CAR WASH, SITE & SECURITY LIGHTING

THE EDGE luminaires by BetaLED provide lasting performance in harsh applications. The inviting light and excellent uniformity that comes from our industry-leading LED technology will attract more customers and save on energy use and maintenance.

THE EDGE Wall Mount

Security luminaires increase safety near entryways, on building facades and around building perimeters.

THE EDGE Bollard

THE EDGE bollard luminaires provide trustworthy pedestrian lighting for walkways, parkways, and common areas.

THE EDGE Round Direct Mount

Round area fixtures add style with modular direct- and spider-mount design options.

THE EDGE Area (square)

Pole-mounted area lights illuminate walkways, roadways and parking lots with uniform, inviting light that increases safety for customers.

7-Eleven - Lakeland, Florida

All BetaLED products are International Dark-Sky Association (IDA) approved and UL Wet Listed.

Premium Protection

BetaLED's 5 • 5 • 10 warranty provides a five-year limited warranty on the product and driver, a five-year limited warranty on the LED, and a 10-year warranty on our DeltaGuard® finish.

Manufacturing Excellence

Proudly manufactured in Sturtevant, Wisconsin, all BetaLED products are made in the USA of US and imported parts and meet the Buy American Act; Section 1605 of the American Recovery Reinvestment Act (ARRA).

Environmentally Responsible

BetaLED offers a number of environmental advantages over other types of lighting. Our luminaires are mercury-free and meet Restriction of Hazardous Substances (RoHs) regulations.
